

Maths

You should be playing Numbots for 20 minutes over the week! That's only 5 minutes for 4 nights OR 10 minutes for 2 nights OR 20 minutes in 1 go!

English

Don't forget to write time EVERY time you read at home. I'd like you to read 3 or more times a week with an adult! This includes your Little Wandle Reading book or a book you might have at home.

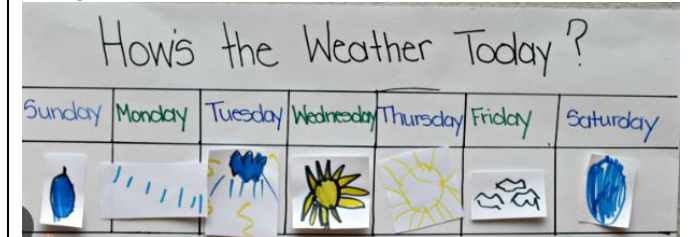

Science

Everyone has been sent home with a pot with a sunflower planted in it. Look after you seed and help it grow so it becomes tall and strong. Who can grow the tallest sunflower before the end of the half term?

Geography

Make a weather chart for a week and record the different types of weather there is at this time in the year.

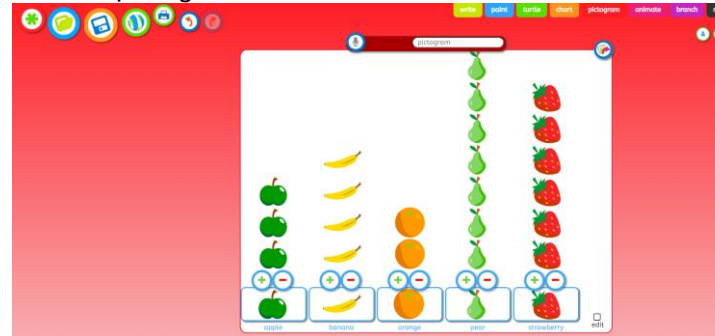

Geography

Find out about a Hot Country (not Australia) and a Cold country.

- What animals live there?
- What plants grow there?
- Would you like to visit? Why or why not?
- What is the same about the countries? What is different about them?

Computing

Using school360 in resources use JiT pictogram and ask the people in your house or your family what their favourite fruit, animal, or way to travel. You can then make a pictogram to show the results.

Art

We will be looking at aboriginal art in class. Try to make some of your own with smooth rocks.

A Land Down Under Year 1 Homework Challenges
